EXPERIENCE

Davis Air Repair, Davis CA, — Apprentice

June 2021 - August 23, 2021

During my tenure at Davis Air Repair, I was employed full-time, allowing me to acquire a comprehensive skill set and knowledge to service club and commercial aircraft. My responsibilities included performing oil changes and tire services, replacing oil filters, servicing and replacing spark plugs, servicing and replacing pneumatic filters, maintaining cleanliness of aircraft interiors, replacing rivets, inspecting exhaust shrouds for leaks, and ensuring a clean and safe work environment. I was fortunate to have a supportive boss who provided me with an apprenticeship opportunity to enhance my skills further. Subsequently, I received a full scholarship to pursue aviation mechanics at Epic Flight Academy in Florida.

Epic Flight Academy, New Smyrna Beach FL, — Airframe Mechanic

February 2023 - Present

In my role as a certified airframe mechanic at Epic Aviation, I am responsible for maintaining and servicing the flight school's airplane, the 172SP. My duties include performing tire replacements, addressing any discrepancies, and assisting with 50 and 100-hour airframe inspections.

Epic Flight Academy, New Smyrna Beach FL, — Airport Line Operations

March 2022 - February 2023

In my position as a Line Operator at Epic Flight Academy, I am responsible for providing fuel and servicing aircraft for both Epic students and transients at New Smyrna Beach airport. I ensure that the refuel truck is fully stocked and that all refueling data is recorded at the end of each day. As a Line Operator, effective time management is essential to ensure that all aircraft and other necessary duties are completed throughout the day.

SKILLS

Airframe Certified

Private Aircraft Pilot

Qualified Boat Driver through the California State Parks

Editing software experience

Technologically Incline

AWARDS

BSA Interpreter strip- Earned through the Boy Scouts of America for demonstrating interpreting skills in Spanish

BSA Eagle Award- Eagle Scout is the highest rank in the Boy Scouts of America's Scouts BSA program, achieved by only 4% of Scouts since the program's inception in 1911. The attainment of this rank requires a rigorous review process.

LANGUAGES

Spanish

Epic Flight Academy, New Smyrna Beach,— Aircraft Dispatcher

April 2022 - February 2023

In my role as an Aircraft Dispatcher, I am responsible for ensuring that all aircraft assigned to students have accurate tach time, hobbs time, and maintenance records. Additionally, I manage the billing process for student flight time. As an Aircraft Dispatcher, effective multitasking and task prioritization are essential skills to ensure that all job duties are completed promptly, and the safety of our customers is always guaranteed.

Air Market Group, Orlando FL,— Aircraft Sales Associate

February 2022 - Present

As an Aircraft Sales Associate at Air Market Group, I have acquired comprehensive knowledge of the aircraft sales process through personal experience. In my role, I leverage my industry network to establish strong relationships and help clients acquire aircraft promptly. My ability to foster relationships and understand the aircraft sales process from start to finish has allowed me to provide exceptional service to our clients.

EDUCATION

Sacramento City College, Sacramento, CA

Fall 2019

During my time at Sac City, I completed the challenging FLTEC 320 aviation ground training course, which provided comprehensive preparation for the FAA Airman Knowledge Test. On January 8, 2020, I successfully passed the exam, demonstrating my commitment to acquiring the knowledge and skills required to excel in the aviation industry.

Cal Aggies Flying Farmers Flight School, Davis, CA

September 2019 - October 2021

During my time at Cal Aggies, I received comprehensive ground and flight instruction in a Cessna 152 aircraft. My flight training included extensive coverage of ground operations, basic flight maneuvers, upset prevention and recovery training, takeoffs, departure climbs, airport traffic patterns, approaches and landings, ground reference maneuvers, performance maneuvers, and emergency procedures. This well-rounded training prepared me to be a confident and competent pilot.

Epic Aviation A&P School, New Smyrna Beach, FL - Airframe Certified

October 5 2021 - Present

In October 2021, I was awarded a full ride to obtain my Airframe and PowerPlant certificate. As a part of my studies, I have gained expertise in avionics and mechanical troubleshooting, as well as the ability to read and interpret maintenance manuals and logbooks. This well-rounded education has provided me with a comprehensive understanding of aircraft maintenance and repair, making me a valuable asset to any aviation maintenance team.

Polk State College, Winter Haven, FL

September 2022- Present

I am actively pursuing an online Associate's degree in Aerospace Maintenance Administration, which I am scheduled to complete in 2023. Through this program, I am gaining the knowledge and skills necessary to become a competent and effective leader in the aviation maintenance industry. I am eager to apply my expertise and make significant contributions to the field of aviation maintenance.
